Review: Applications received that are complete and meet compliance with all guidelines will be submitted for review by a panel established through the FBCF Direct Service Committee. The grant application process is competitive. Whether or not an organization has received a grant in the past, funding in subsequent years is never guaranteed.

Agreements: A grant agreement will be the legal mechanism for funding.

Acknowledgement of Donor Source: Each organization website and project materials must contain an acknowledgment that the funds for the project come from the Florida Breast Cancer Foundation. A progress report is due at the end of six (6) months of the start of the grant period and a final report is due no later than sixty (60) days after the completion of the grant period. If reports do not meet the assigned deadlines, all funds may be requested to be returned to the Foundation.

Letters of support and additional materials: DO NOT send additional materials (i.e. reprints, complete curriculum vitae, or letters of support). Any additional materials will not be reviewed.
