INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Florida Breast Cancer Coalition Research Foundation, Inc.
d/b/a Florida Breast Cancer Foundation, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Florida Breast Cancer Coalition Research Foundation, Inc. d/b/a Florida Breast Cancer Foundation, Inc. (the "Foundation"), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 11, 2019 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE ORGANIZATION

The Florida Breast Cancer Coalition Research Foundation, Inc. d/b/a Florida Breast Cancer Foundation, Inc. (the "Foundation") has as its mission to end breast cancer through advocacy, education and research. It achieves its mission by raising public awareness regarding breast cancer through providing community education and providing resource materials and information to the Florida community. The Foundation also awards grants to qualifying Foundations in the State of Florida. All funding raised is used solely in the State of Florida.

RESEARCH AWARDS AND GRANTS

The Foundation awards funds to support grassroots educational programs as well as breast cancer research programs at major institutions throughout Florida. The Foundation is the only organization in the State of Florida that receives funds from the sale of the End Breast Cancer specialty license plates from which 80% of the funds are received with donor restriction for grant purposes and 20% are received without donor restriction and are available to be used for operational/ administrative expenses. The Foundation also receives funds from the voluntary checkoff program from which all funds received are restricted for grant purposes. All grant awards by the Foundation are provided only to organizations within the State of Florida.

BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The Foundation follows the standards of accounting and financial reporting for not-for-profit Foundations as prescribed by the Financial Accounting Standards Board ("FASB"). The financial statements of the Foundation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Net assets, revenues and expenses are classified based on the existence or absence of donor-imposed restrictions as follows:

Net Assets Without Donor Restrictions

Net assets which are free of donor-imposed restrictions; all revenues, expenses, gains, and losses that are not changes in net assets with donor restrictions.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING AND PRESENTATION (CONTINUED)

Net Assets With Donor Restrictions

Net assets which use by the Foundation is limited by donor-imposed stipulations that either expire by passage of time, that can be fulfilled or otherwise removed by actions of the Foundation pursuant to those stipulations or are subject to donor-imposed restrictions that are required to be maintained in perpetuity by the Foundation.

INVESTMENTS AND INVESTMENT INCOME

The Foundation's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. See Note 3 for discussion of fair value measurements.

Investment income or loss (including realized and unrealized gains and losses on investments, interest and dividends) is included in the statement of activities as an increase or decrease in net assets without donor restriction unless income or loss is restricted by donor or law. Restricted gains and investment income, where the restrictions are met in the same reporting period as the income earned, are recorded as unrestricted support.

THRIFT STORE REVENUE

Thrift store revenue is recognized as revenue when the funds have been earned in accordance with the provisions of the respective agreement.

CONTRIBUTIONS

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restriction if the restrictions expire in the year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restriction. When a restriction expires, net assets with donor restrictions are transferred to net assets without donor restrictions.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND-RAISING ACTIVITIES

The Foundation's financial statements are presented in accordance with FASB Accounting Standards Codification ("ASC") 958 "*Accounting for Costs of Activities of Not-for-Profit Foundations and State and Local Government Entities that Included Fund Raising*". FASB ASC 958 establishes criteria for accounting and reporting for any entity that solicits contributions.

FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and other activities have been detailed in the statement of functional expenses and are summarized on a functional basis in the statement of activities. Salaries and other expenses, which are associated with a specific program, are charged directly to that program. Salaries for staff which support more than one program, are allocated to the various programs based on an analysis of time spent and effort. Other expenses which benefit more than one program, are allocated based on estimates made by management.

INCOME TAXES

The Foundation is a non-profit corporation as defined by Section 501(c)(3) of the U.S. Internal Revenue Code and as such is subject to state and federal income taxes only on unrelated business taxable income. There were no income taxes resulting from unrelated business income during the year ended June 30, 2019.

The Foundation follows the provisions of FASB ASC Topic 740-10 and related subsections for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Foundation's tax returns. As a result of implementing this guidance, management has determined that the Foundation does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INCOME TAXES (CONTINUED)

Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Foundation's tax returns will not be challenged by the taxing authorities and that the Foundation will not be subject to additional tax, penalties, and interest as a result of such challenge. If the Foundation were to incur an income tax liability in the future, interest would be reported as interest expense and penalties would be reported as income taxes. Generally, the Foundation's tax returns remain open for federal income tax examination for three years from the date of filing.

On December 22, 2017, the Tax Cuts and Jobs Act tax reform legislation was signed into U.S. law and will make widespread changes to the Internal Revenue Code. Almost all of its provisions went into effect January 1, 2018. The tax law did not have a significant impact on the Foundation.

VOLUNTEER SERVICES

The Foundation utilizes the services of volunteers in their advocacy work and programs. Because there is no objective means of valuing such services, no amounts for such services are recorded in the accompanying financial statements.

IN-KIND CONTRIBUTIONS

In-kind contributions are recorded as contribution and expense in the accompanying statement of activities. In-kind contributions of donated non-cash assets are recorded at their fair value in the period received, and consist primarily of donated use of office space.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements, and revenues and expenses during the period reported. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from those estimates.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2016, the FASB issued Accounting Standards Updated (“ASU”) 2016-14, “*Presentation of Financial Statements of Not-for-Profit Entities*”, representing the completion of the first phase of a two-phase project to amend not-for-profit financial reporting requirements as set out in FASB ASC 958, *Not-for-Profit Entities*. The ASU eliminates the distinction between resources with permanent restrictions and those with temporary restrictions from the face of not-for-profit financial statements by reducing the current three net asset classes (unrestricted, temporarily restricted, and permanently restricted) to two classes: net assets with donor restrictions and net assets without donor restrictions. Further, the ASU requires enhanced disclosures and also allows not-for-profits to present operating cash flows on the statement of cash flows using either the direct method or the indirect method. The ASU is effective for the Foundation for fiscal years starting after December 15, 2017, and the interim periods within. Reporting entities are required to apply the ASU retrospectively to all periods presented. Earlier application is permitted, however, the Foundation did not early adopt the ASU. Management adopted this ASU effective July 1, 2018.

On June 21, 2018, the FASB issued ASU 2018-08, “*Not-for-Profit Entities (Topic 958) Clarifying the scope and the Accounting Guidance for Contributions Received and Contributions Made*”. This ASU applies to all entities, including business entities that receive or make contributions of cash and other assets (except for transfers of assets from government entities to business entities). This ASU provides guidance on determining whether a transaction should be accounted for as a contribution or as an exchange transaction. A primary aspect of this determination is whether the two parties receive and sacrifice commensurate value. Making this determination is important because distinguishing between contributions and exchange transactions determines which guidance is applied. For contributions, an entity should follow the guidance in FASB ASC 958-605, *Not-for-Profit Entities – Revenue Recognition*, whereas, for exchange transactions, an entity should follow other guidance. This ASU is applicable for the Foundation for its annual reporting period beginning on July 1, 2019. Earlier application is permitted, however, the Foundation did not early adopt the ASU. Management is in the process of evaluating the ASU for the potential impact on its financial statements upon adoption.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842), which amends the guidance relating to the definition of a lease, recognition of lease assets and liabilities on the balance sheet, and the related disclosure requirements. This ASU is applicable for the Foundation for its annual reporting period beginning on July 1, 2020. Earlier application is permitted, however, the Foundation did not early adopt the ASU. Management is in the process of evaluating the ASU for the potential impact on its financial statements upon adoption.

On August 28, 2018, the FASB issued ASU 2018-13, “*Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*”. This ASU applies to all entities that are required, under existing GAAP, to make disclosures about recurring or nonrecurring fair value measurements. This ASU’s objective is to improve the effectiveness of disclosures in the notes to the financial statements by facilitating clear communication of the information required by GAAP that is most important to the users of the entity’s financial statements. This ASU is applicable for the Foundation for its annual reporting period beginning on July 1, 2020. Management is currently in the process of evaluating the ASU for the potential impact on its consolidated financial statements upon adoption.

SUBSEQUENT EVENTS

Management has evaluated subsequent events to determine if events or transactions occurring through October 11, 2019, which was the date the financial statements were available to be issued, require adjustment to or disclosure in the financial statements.

NOTE 2 – CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash and accounts receivable.

Cash

From time to time, the Foundation maintains its cash in deposit accounts at financial institutions that exceed the Federal Deposit Insurance Corporation (“FDIC”) limits. The Foundation maintains these balances in what it believes to be high quality financial institutions, which it believes limits its risk.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 2 – CONCENTRATION OF CREDIT RISK (CONTINUED)

Accounts Receivable

Accounts receivable consist principally of amounts due from the thrift store and grantor agencies pursuant to the terms of the respective agreements. Accounts receivable are stated at net realizable value. Allowances are provided for amounts estimated to be uncollectible based on historical experience and any specific collection issues that the Foundation has identified. It is the Foundation's policy to charge uncollectible receivables against the allowance when management determines that the related balance will not be collected. Management determined that an allowance for doubtful accounts was not necessary at June 30, 2019.

NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES

The Foundation regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investments of its available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Foundation considers all expenditures related to grant awards, community and advocacy services, and education support, as well as the requirement to support those activities, to be general expenditures. The Foundation has various sources of liquidity, including cash, investments and receivables. See Note 4 for information regarding the Foundation's investments.

In addition to the financial assets available to meet general expenditures over the 12 months, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by the board or donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Foundation's cash for the twelve months ended June 30, 2019.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES (CONTINUED)

As of June 30, 2019, the following table shows the total financial assets held by the Foundation that could be made readily available within one year to meet general expenditures:

Financial Assets Available to Meet General Expenditures Over the Next 12 Months	
Cash	1,918,452
Investments	61,695
Receivables	<u>74,376</u>
Total Financial Assets Available to Meet General Expenditures Over the Next 12 Months	<u>\$ 2,054,523</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

The Foundation follows ASC 820-10 “*Fair Value Measurement and Disclosure*” for measuring fair value. This guidance defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This standard establishes a three-level hierarchy for fair value measurements based upon the significant inputs used to determine fair value. Observable inputs are those which are obtained from market participants external to the Foundation while unobservable inputs are generally developed internally, utilizing management’s estimates, assumptions, and specific knowledge of the assets/liabilities and related markets. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Foundation has the ability to access at the measurement date.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 (continued)

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Valuation is based on unobservable inputs for an asset or liability. Unobservable inputs are used to measure fair value to the extent that observable inputs are not available. However, the fair value measurement objective remains the same, that is, an exit price from the perspective of a market participant. Therefore, unobservable inputs reflect the assumptions that market participants would use in valuing the asset or liability, including assumptions about risk. Unobservable inputs are developed based on the best information available in the circumstances, which might include information provided by the Foundation's investment manager. The data used to develop unobservable inputs is adjusted if information is reasonably available without undue cost and effort that indicates market participants would use different assumptions. Investment types which have been valued using this approach general include investments in investee funds that have lockups that are greater than 3 months.

The following is a description of the valuation methodologies used for assets measured at fair value, on a recurring basis.

Certificate of Deposit: Consists of a certificate of deposit that has a remaining maturity of one year or less. Certificates of deposit are recorded at amortized cost, which approximates fair value.

Investments held at Miami Foundation, Inc.: The values of the assets invested at Miami Foundation, Inc. are determined by calculating the Foundation's net asset value ("NAV") in the pool. The Foundation has the ability to observe the inputs to the valuation and redeem the investment at NAV upon request and are reported as Level 2 investments as the investment pool has a readily determinable fair value. The investment held at Miami Foundation, Inc. is invested in a balanced pool and principally include fixed income and equity investment funds. The investments held at Miami Foundation, Inc. have no unfunded commitments as of June 30, 2019. Additionally, other than a 1 day notice and bi-monthly redemption frequency, there are no explicit restrictions on the redemption of such investments.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Foundation’s assets at fair value as of June 30, 2019:

	Fair Value Measurement at June 30, 2019			
	Level 1	Level 2	Level 3	Total
Investments held at Miami Foundation, Inc.	\$ --	\$ 41,695	\$ --	\$ 41,695
Total Investments at Fair Value	\$ --	\$ 41,695	\$ --	41,695
Investments Measured at Amortized Cost*				20,000
Total Investments				\$ 61,695

* Certain investments that are measured at amortized cost have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investment line item presented in the accompanying Statement of Financial Position.

NOTE 5 – CONCENTRATIONS

REVENUE

The Foundation received approximately 35% of their revenue from the State of Florida, Department of Highway Safety and Motor Vehicles (the “Department”) for the year ended June 30, 2019. The Foundation also received approximately 49% of their revenue from the Thrift Store (see Note 7). As the revenue from the Department and the Thrift Store are significant to the overall operations of the Foundation, any significant reduction or loss of funding from the Department or Thrift Store may affect the Foundation’s ability to operate in its present form.

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 6 - GRANT COMMITMENTS

The Foundation provides resources to different institutions to conduct research related to breast cancer. The projects include clinical research and education, in order to improve health and find a cure for breast cancer.

For the year ended June 30, 2019, the Foundation dispersed approximately \$580,000 and \$300,000 in grants and awards, respectively. Grants are given to Florida based organizations and are exclusively funded through restricted State of Florida funds. Such activity is reflected as net assets released from restriction in with donor restrictions net assets in the accompanying Statement of Activities. Awards represent funds awarded to Florida based organizations with the use of net assets without donor restrictions. As of June 30, 2019, the Foundation does not have any unconditional or conditional promises to give to any organizations.

NOTE 7 - THRIFT STORE

On November 27, 2012, the Foundation executed a 10 year agreement with a thrift store operator in which items (clothes, furniture, etc.) are donated to the Foundation and are sold by the thrift store operator at local thrift stores. On March 1, 2016, the Foundation amended and restated the agreement through June 2028. The Foundation earns a fee to help fund efforts toward breast cancer advocacy, education and research based on the contract terms. Revenues related to the thrift store were approximately \$836,000 for the year ended June 30, 2019.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

Effective January 15, 2015, the Foundation entered into a lease agreement for its office beginning February 2015 and expiring in February 2020.

Future minimum annual rentals on noncancelable operating leases are approximately as follows:

For the Year Ending	Amount
June 30,	
2020	\$ 29,000
Total	\$ 29,000

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 8 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

For the year ended June 30, 2019, the Foundation recorded rent expense in the amount of approximately \$73,000.

The Foundation participates in state and local programs that are subject to audit by the respective agencies. Any disallowed funds received or to be received under these programs may constitute a liability in the amount of the disallowed funds. Management does not believe that any potential disallowed funds would have a significant effect on the financial statements.

NOTE 9 – IN-KIND CONTRIBUTION

The Foundation currently receives rent-free use of store and office space from Oviedo Mall in Oviedo, Florida in exchange for exclusive sponsorship in accordance with the lease agreement. The current lease agreement expires on May 31, 2020. Accordingly, the fair value of the annual rent is determined each year by the Foundation's management, and the fair market value of the rent is recorded as an in-kind contribution and expense in the accompanying statement of activities.

NOTE 10 – NET ASSETS WITHOUT DONOR RESTRICTIONS

Net assets without donor restrictions at June 30, 2019 are as follows:

Undesignated	\$ 500,000
Amount Designated by the Board of Directors through the approval of the Annual Foundation Budget are:	
Research Fund	399,547
Education Fund	22
Scholarship Fund	14,964
Central Florida Programs	18,162
Broward County Programs	<u>114,244</u>
Total Net Assets Without Donor Restrictions	<u>\$ 1,046,939</u>

**FLORIDA BREAST CANCER COALITION
RESEARCH FOUNDATION, INC.
D/B/A FLORIDA BREAST CANCER FOUNDATION, INC.**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

NOTE 11 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consist of license plate revenues and donations from the voluntary checkoff program (“VCP”). For the year ended June 30, 2019, contributions with donor restrictions include state grant revenues, donations from VCP and related interest income totaling approximately \$499,000. These amounts are restricted for grant awards to be provided for breast cancer research and education.

Research and education funding can be made available for:

- Basic, clinical, and translational breast cancer research, with priority given to Young Investigator,
- Epidemiological studies of breast cancer,
- Research on possible links between breast cancer and the environment,
- Psychoimmunological research, and
- Innovative awards and idea grants.

Net assets with donor restrictions at June 30, 2019 may be expended for:

Subject to Expenditure for Specified Purpose:	
Breast Cancer Research and Education Funding	\$ 996,163
Total Net Assets With Donor Restrictions	<u>\$ 996,163</u>

NOTE 12 - NET ASSETS RELEASED FROM DONOR RESTRICTIONS

Net assets were released from restrictions by incurring expenses satisfying the restricted purposes or by the occurrence of other events specified by donors during the year ended June 30, 2019 as follows:

Purpose Restrictions Accomplished:	
Grant Awards: Education	\$ 84,659
Grant Awards: Scientific	<u>494,970</u>
Total Net Assets Released from Donor Restriction	<u>\$ 579,629</u>

COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors

**Florida Breast Cancer Coalition Research Foundation, Inc.
d/b/a Florida Breast Cancer Foundation, Inc.**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Florida Breast Cancer Coalition Research Foundation, Inc. d/b/a Florida Breast Cancer Foundation, Inc. (the "Foundation"), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and have issued our report thereon dated October 11, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
